Health & Safety Policy Statement

Crown Gas and Power (CGP) is a professional, safety-conscious organisation committed to managing health, safety, and welfare at every stage of a project. Our primary objective is to minimise harm to our employees or visitors by taking a proactive approach to risk and safety management. All work will be conducted in line with best practices, relevant legal requirements, and all reasonably practicable measures to ensure the safety of employees and others who may be affected.

All management are responsible for implementing this policy across the company. They must ensure that health and safety considerations remain a priority in planning and daily operations.

CGP is dedicated to full compliance with all applicable statutory legislation. In addition, we will adhere to best practices as outlined in the Health and Safety Executive's (HSE) Approved Codes of Practice and Guidance.

All of our employees are expected to support and assist in the implementation of this policy. They must ensure that their work is carried out with minimal risk to themselves, others, and the environment, and cooperate with management on any health, safety, or environmental matters.

Further, CGP will take all necessary steps to identify potential hazards and risks, implementing appropriate preventive and control measures. Employees will be provided with the correct safety equipment and personal protective gear. The company will also allocate the required financial resources to meet its legal obligations and the commitments outlined in this policy.

All employees will receive training in safe working practices, as well as the efficient operation and maintenance and equipment.

This policy will be regularly reviewed and updated to ensure their continued relevance and effectiveness in supporting the company's operations. The policy is available for all employees to view on our internal application, and other external interested parties via our website.

Crown Gas and Power Limited (Company Registration no. 07980591) is registered in England and Wales.
