Electricity Deemed Contract Rates

Updated 21st October 2026

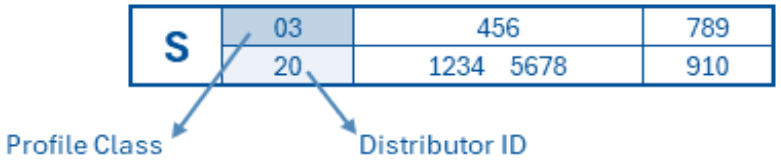

Where Crown Gas & Power are the registered electricity supplier for your premise and no formal contract exists between yourself and us, then we will charge you on a Deemed rate basis. These rates (or any replacement) will remain in place for as long as Crown Gas & Power remain the registered electricity supplier to your meter point or until a new contract is agreed with us.

Our Deemed Rates consist of a unit charge applicable to all consumption and a daily standing charge (site specific). Charges in addition to our published rates may apply as follows:

- Site specific capacity charges and excess capacity charges (For Profile Class "00")
- Reactive power charges (where applicable)
- Climate Change Levy or VAT

To determine which charges applies to your supply, firstly check if your Distributor ID appears in the Table 1 or Table 2 below. If it does then the corresponding charges will apply.

Please refer to your MPAN and look up the Distributor ID within the relevant price table. Profile class "00" is Half Hourly (Table 2) and all other profile classes e.g. "01" to "08" are Non-Half Hourly (Table 1). Please refer to the example MPAN below:

If your Distributor ID does not appear in the table below then you are likely to be connected to an independent network and you will need to contact us to determine your GSP. Please contact our Customer Services Team at hello@crowngasandpower.co.uk

You will then be able to look up your charges based upon your GSP within Table 1 and Table 2. Alternatively, there are resources online to determine this yourself. Please remember that Profile class "00" is Half Hourly (Table 2) and all other profile classes e.g. "01" to "08" are Non-Half Hourly (Table 1).

Electricity Deemed Contract Rates

Updated 21st October 2026

Table 1:

Non-Half Hourly rates (Profile class "01" to "08") applicable from 1st October 2026

Unit Rate	Daily Standing Charge	Administrative Charge
A unit rate applied in pence/kWh to each actual or estimated unit of energy supplied.	To cover third-party transmission, distribution and metering costs associated with the provision and maintenance of an energy supply to your property	To cover additional expenses associated with supplying customers on Deemed Contract terms.

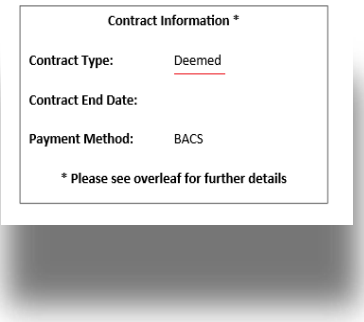

Frequently Asked Questions

When will Crown Gas & Power apply Deemed Contract rates?

If no formal contract has ever been agreed with us, you will be placed on our Deemed rates. Deemed rates will continue to apply until you either enter into a contract with us or switch to another supplier. If you wish to discuss the terms of a new contract, please contact our team on sales@crowngasandpower.co.uk or call 0161 546 9951.

How will I know when I am being charged Deemed Rates?

All customer invoices clearly show the Contract Type. If your Contract Type displays "Deemed" (as shown on the right) then you will know that you are being charged on a Deemed rate basis.
